It's special because unlike other plastics it breaks down much faster if it ends up in landfill or the ocean. Once disposed of, in a few years it becomes food for microbes leaving behind no microplastics, just natural remnant.

The Pantone of the Lid and Tumbler is 7499C.  
Full Recyclable too!

## THE BioBOTTLE

500ml / 17oz • 55g  
H: 190mm • D: 68mm  
DPA: 140 x 89mm

Just like all our other plastic products, the Bio Bottle is Recyclable. It's special because unlike other plastics it breaks down much faster if it ends up in landfill or the ocean. Once disposed of, in a few years it becomes food for microbes leaving behind no microplastics, just natural remnant.

## THE EcoBOTTLE

500ml / 17oz • 55g  
H: 190mm • D: 68mm  
DPA: 140 x 89mm

The environmentally friendly Eco bottle is made from 100% reclaimed food grade material that has been saved from landfill by collection of milk bottles from council recyclers. The colour is dependent on how many labels or caps get through the remanufacturing process, hence why they are off white in colour.
